Happy New Year...

Welcome back to all of our children and parents from all of the staff at Hampton College Primary. We hope that you had an enjoyable, festive break and are “raring to go” with New Year’s Resolutions for 2016. We are certainly looking forward to a fun-filled, exciting term ahead.

New catering provider...

We are very pleased to announce that **Cucina** have now started as the new catering contractor for Hampton College. We are excited about their spring term menu and will be working closely with Cucina to ensure the best possible service for our children at lunchtimes. We will keep you updated with any further information as the term progresses.

New website...

Please log on and visit our brand new, primary phase specific website which can be found directly at www.hamptoncollegeprimary.org.uk or via the Hampton College secondary website www.hamptoncollege.org.uk. We hope that you will find much more useful information on the new website, including information relating to your child’s class, which will be updated shortly and then regularly throughout the term. We are all very excited about the new website and would appreciate any feedback from parents about what you find useful on the website, or anything you would like to appear there that doesn’t appear already. Please pass on your comments via the school office or your child’s class teacher or email us: primary@hamptoncollege.org.uk

School lunch orders...

Please continue to order your child’s school lunches via **Wisepay** using the link on the new primary website. All orders must be placed by **Thursday** prior to the week when lunches are required. The link can be found in the **Parents** section of the website by clicking on **Lunchtimes** and then choosing the drop-down box for **School Meals**. Alternatively use the following link and choose the drop-down box for **School Meals** -

The power of TALK

Time— Giving time and value to talk. Make talking part of your day, enjoy it, play with it, share it, explain it!

Active— Listen with your ears, listen with your eyes, what are you hearing? How are you going to respond?

Language— Provide your child with the skills to be able to express themselves fully. Use your words!

Keep talking and make it real – understand the importance and impact of conversation.

Coffee Morning

Tuesday 12 January 2016
